177 Hamilton Street New Brunswick, NJ

Phone: (862) 755-1283 E-Mail: Contactjaimer@gmail.com

## Interests

Data Science – This is the field I am most interested in pursuing.

Mobile Development – I have some Experience building Android Applications.

Web Development – I have experience using Laravel as a PHP framework for backend Web Dev.

Software Engineering – At UPS, I use C# primarily to create software solutions

## Experience

### UPS Co-op – Customer Technology Shipping Systems

January 22, 2015 – Current

- I am currently working under a Co-op at UPS as an Intern for their Customer Technology Shipping System. I use C++, C# to automate error reports in their World Ship program.

### Barnes and Noble College Cashier

January 15, 2014-January 22, 2015

- I was a Barnes and Noble seasonal cashier. My responsibilities range from making sure all the merchandise is well organized, to making sure customers have the best experience we can offer.

### Rutgers Telefund Caller

April 03, 2012 – June 1, 2012

- I was previously employed at the Rutgers Telefund. My responsibilities were to call prospective donors and try to convince them to help the university achieve its goals.

## Education

### Rutgers University-School of Arts and Science

Graduation Date: December, 2015

Major: Mathematics and Computer Science

## Skills

I have knowledge of basic Design Patterns - MVC, singleton, etc.

I have some experience with HTML, CSS, MySQL, mongoDB, Java, Android Development software stack, C, C++, C#, Word, Excel, Access, Outlook, Adobe Photoshop, Adobe Illustrator, and Adobe Dreamweaver.

I speak fluent Spanish

## Projects

**Plause.org**- A website built to give students an outlet for their creativity

**FunBox(In Progress)**- A suggestion sharing website where people can anonymously post experiences in a given area in order to suggest fun stuff to do!

**Criminal Intent**- An android app that makes it easy to maintain a database of infractions from loved ones or friends
